

PROJECT PROFILE

Setting the Gold Standard, Assurgo acted as advisor in structuring and negotiating the strategic purchase of SmogBuster Inc, a leading provider of confined space air treatment, by Mikisew Group. This acquisition provides additional growth opportunity for Mikisew and further compliments their extensive portfolio of successful companies and will lay a solid foundation for the next chapter in SmogBuster's 20-year journey. Legal representation was provided by McCuaig Derochers LLP and Dentons.

ABOUT SMOGBUSTER

Since 1991, SmogBuster has provided plant maintenance support services to petrochemical facilities, refineries, oil sands operations, forestry, and power plants. Based out of Edmonton, AB, the company's primary focus is temporary ventilation services from shutdown planning through supplying, installing and monitoring to support hot-work applications for maintenance operations and shutdowns. SmogBuster's core services include:

- Mechanical Ventilation
- Capturing & Filtering
- Climate Control
- Shutdown Planning
- Field Support
- PAPR Rentals
